FRENCH AND DUTCH HYACINTHS.

EARLY ROMAN HYACINTHS.

Reports from the growers in France are to the effect that an abundant crop of first-class bulbs has been harvested. At the very favorable prices which these conditions bring about there can be no doubt but that florists will find a profitable investment in planting these bulbs for forcing on a larger scale than heretofore.

NAMED HYACINTHS. **Second Size Bulbs.**

While in some instances the size of truss and flower produced by second size bulbs are not equal to those of the best grade, yet for bedding out and forcing these second size bulbs give excellent results. We can supply varieties marked * in second size if desired. Our selection of varieties, $6.00 per 100; $55.00 per 1,000.

MIXED HYACINTHS.

Our special grade of Mixed Hyacinths under separate colors we especially recommend. They will prove valuable either for bedding or outdoor culture. The Hyacinth crop is again a short one, and of some sorts the bulbs are not harvested in the usual sizes, but they are well matured, and of the requisite age to insure excellent blooming qualities. Our orders for Hyacinths having been placed very early, we are assured the very best the years' crop produces.

We supply 25 bulbs at the 100 rate; 250 at the 1,000 rate.

X'MAS DECORATIONS.

"Well bought is half sold."

Careful attention, close buying and selling have secured for us a leading control in Christmas Decorations. We shall give our customers the benefit of the favored position we enjoy in this line, furnishing goods of superior quality at rock bottom prices. We again unhesitatingly express our sincere belief that we can save you money whether you buy by the crate, ton or carload. Please write for our special quotations whenever you are ready to buy.

LYCOPODIUM OR BOUQUET GREEN.

SELECT STOCK, FRESH PICKED.

We handle immense quantities of Bouquet Green during the months of November and December, having our own agent supervising the gathering, packing and shipping of this stock. It pays our patrons well during the busy holiday season to be sure of getting good Green, free from old discolored stock. Poor Moss, mixed with all kinds of rubbish, causes not only a waste of material, but also of time, and at that season of the year every minute lost means good money lost to the florist.

BOUQUET GREEN (until October 31st): Per crate of 100 lbs., $5.00.

Prices on Green fluctuate. Please write us whenever you are ready to buy and we will send you rock bottom prices on crate, ton or carload lots.

Remember that if Green is in the market Barnard has it.

EVERGREEN WREATHING.
